

Tier 2 Implementation Feature Checklist

:

Using the definition below, indicate what Tier 2 interventions exist at your school and which one is used most often. List the Tier 2 interventions and score each one below. Use the most commonly used Tier 2 intervention to score BAT question 18-31

Tier 2 Intervention Defined: A Tier 2 intervention is designed for students who are not responding to universal (Tier 1) interventions. These interventions are implemented in a similar manner for all students receiving it. These students typically need additional social, academic, and/or organizational support.
